ONE LIBERTY PROPERTIES, INC. REPORTS THIRD QUARTER 2013 RESULTS

- Rental Income Increases 16.8% Over the Third Quarter 2012 -
- Acquires Eight Properties for \$96.9 Million During Third Quarter -

GREAT NECK, New York, November 7, 2013 — One Liberty Properties, Inc. (NYSE: OLP), today announced operating results for the quarter ended September 30, 2013.

Patrick J. Callan, Jr., President and Chief Executive Officer of One Liberty stated "We have continued to execute successfully on our growth plan with the acquisition, since October 1, 2012, of 14 properties that complement our existing portfolio and match our long-term goals. We grew this quarter's rental income significantly over the corresponding 2012 quarter as a result of our acquisition activity. We remain dedicated to identifying and acquiring favorable investment opportunities to drive prudent growth and increase stockholder value in the years to come."

Operating Results:

Rental income for the third quarter of 2013 increased 16.8% to \$13.2 million from \$11.3 million for the third quarter of 2012. The increase is attributable primarily to rental income earned from 14 properties acquired since October 2012.

Total operating expenses for the third quarter of 2013 increased to \$6.4 million from \$5.1 million for the third quarter of 2012. The change is due primarily to increased depreciation and amortization, real estate acquisition costs and real estate expenses associated with acquired properties.

Net income attributable to One Liberty for the third quarter of 2013 was \$3.21 million or \$.20 per diluted share compared to \$18.41 million or \$1.23 per diluted share for the third quarter of 2012. Net income for the third quarter of 2012 includes the \$15 million net gain, or \$1.00 per diluted share, from the sale of a property located on Madison Avenue, in New York City.

Funds from Operations:

Funds from Operations ("FFO") were \$6.3 million in the third quarter of 2013, compared to \$6.1 million in the third quarter of 2012. The increase was negatively impacted by, among other things, acquisition costs primarily related to the eight properties acquired during the current quarter. FFO per diluted share was \$0.40 in the third quarter of 2013 compared to \$0.41 in the third quarter of 2012. The per share FFO result for the current period was negatively impacted by an increase in the weighted average number of shares outstanding due to share issuances under One Liberty's equity incentive, dividend reinvestment and at the market offering programs. A reconciliation of GAAP amounts to non-GAAP amounts is presented with the financial information included later in this release.

Acquisitions:

As previously reported, during the three months ended September 30, 2013, One Liberty acquired eight properties for an aggregate purchase price of \$96.9 million, including mortgage financings aggregating \$51.9 million provided to the Company contemporaneously with the closing of three of the acquisitions.

As a result of these acquisitions and an additional acquisition for \$4.6 million completed in March 2013, One Liberty's 2014 contractual rental income is \$52.4 million, an increase of \$6.6 million, or 14.4%, from 2013 contractual rental income of \$45.8 million. The 2014 and 2013 contractual rental income includes, after abatements, concessions or adjustments, rental income that is payable to One Liberty in 2014 and 2013, respectively, under leases existing at September 30, 2013 and December 31, 2012, respectively. The 2014 contractual rental income excludes approximately \$1.1 million of straight-line rent income, estimated amortization of intangibles of approximately \$70,000 and One Liberty's \$1.4 million share of the rental income payable to its unconsolidated joint ventures. The 2013 contractual rental income excludes approximately \$679,000 of straight-line rent income, amortization of approximately \$6,000 of intangibles and One Liberty's \$3.1 million share of rental income payable to its unconsolidated joint ventures.

Balance Sheet:

At September 30, 2013, the Company had \$18.9 million of cash and cash equivalents, total assets of \$569.6 million, total debt of \$300.3 million and total equity of \$248.9 million.

At November 4, 2013, One Liberty had approximately \$15 million of cash and cash equivalents and \$20.5 million outstanding on its \$75 million credit facility.

Non-GAAP Financial Measures:

One Liberty believes that Funds from Operations ("FFO") is a widely recognized and appropriate measure of the performance of an equity REIT. One Liberty presents FFO because it considers FFO to be an important supplemental measure of One Liberty's operating performance. One Liberty believes FFO is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is intended to exclude generally accepted accounting principles ("GAAP") historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. As a result, FFO provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities, interest costs and other matters without the inclusion of depreciation and amortization, providing a perspective that may not necessarily be apparent from net income.

One Liberty has determined FFO in accordance with standards established by the National Association of Real Estate Investment Trusts, Inc. ("NAREIT"). FFO is defined by NAREIT as net income (or loss) computed in accordance with GAAP, excluding gains (or losses) from sales of property, plus real estate depreciation and amortization, plus impairment write-downs of depreciable real estate and after adjustments for unconsolidated partnerships and joint ventures. FFO does not represent cash generated from operating activities in accordance with GAAP and is not indicative of cash ailable to fund cash needs. FFO should not be considered as an alternative to net income as an indicator of operating performance or as an alternative to cash flow as a measure of liquidity. Management believes FFO is of interest to securities analysts, investors and other interested parties and may not be comparable to similarly titled measures as reported by others.
